

**Application form to conduct Autopsy**

I, the undersigned, request with this document that Microdiagnostics and their collaborating partners perform a biopsy on the fetus:

---

Name of the deceased	Date	AMKA
----------------------	------	------

I understand that the doctor which will perform the biopsy will be the one to determine the type and spectrum of the examination

The undersigned declares that he/she is the closest living relative providing consent, according to the order of succession as set out by the Greek Civil Code (Inheritance law, Chapter 4): *“The first one responsible for providing consent is the spouse. Any adult child comes second, after which comes either of the two parents, the brother or sister of the deceased, a guardian, and lastly, any other person with the authorization or obligation of post-mortem action”*, **strictly in that order.**

Furthermore, the undersigned declares that he/she has, at the time of death and lacking a declaration or indication to the contrary by the deceased or declaration to the contrary by a member of the same or preceding order of kinship, full custody of the body of the deceased and full authorization to give his/her consent for the examination

**CONSTENT:**

Closest relative (As set out by the Greek Civil Code, Inheritance Law, Chapter 4)
